Health, Luxury, and Economy,
MAY BE SECURED BY HAVING YOUR

FEATHER BEDS RENOVATED.
THIS is done by a Steam Process, patented Aug. 6th, 1867, and not only makes them clean and wholesome, which prevents sickness, but relieves each fibre from its matted condition, increasing the bulk of the bed oftentimes one-third, thereby rendering them more comfortable. In fact it is everything essential to old or new

FEATHER BEDS,
Destroying all moths, or liability to them, removing all disagreeable scent, (common among new feathers,) and all grumms and glutinous substance from the quill; thereby preserving them from the effects of our usage.

We would, therefore, say to the citizens of this place that we are among them for a few days, to render them an essential benefit. Our facilities are such that, upon being ordered, to do so, we can take and return beds the same day, well renovated and ready for immediate use, for \$2 per bed, including pillow and bolster, if suitable to run with the bed.
